Annual Scientific Meeting

Cardiff City Hall

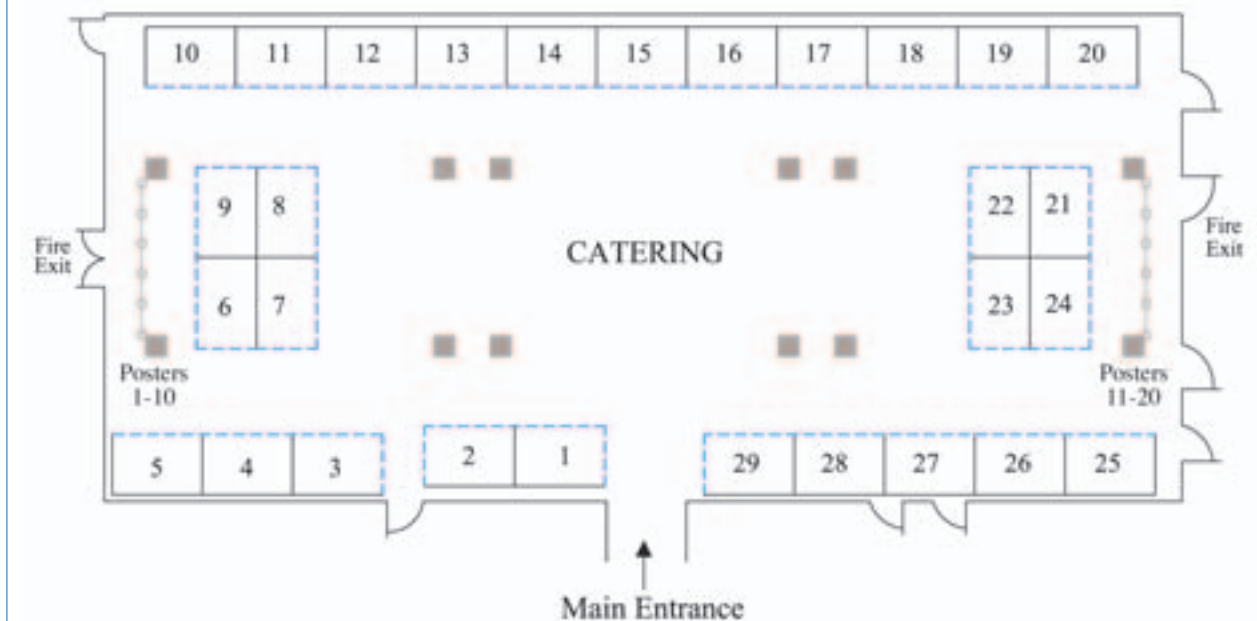

2 - 4 July 2008

EXHIBITION PLAN

LOWER HALL, CARDIFF CITY HALL

Companies in Lower Hall

Stand no.	Company
1 & 2	Medartis Limited
3	Innova
4	AO UK
5	Elsevier
6	Geistlich Biomaterials
7	COOK Medical
8 & 9	B Braun Medical Limited
10	Wisepress Limited
11	Dolphin Imaging: UK - Ireland
12	Stryker
13	Cambridge Laboratories
14	IVS Solutions AG
15	Medicim NV

Stand no.	Company
16	3DMD
17	Leica Microsystems
18	IDT Dental Products Limited
19	Optident Limited
20	Ethicon Endo-Surgery
21	York Medical Technologies Limited
22	Cavendish Imaging
23 & 24	Synthes Limited
25	Biolitec Pharma
26	Advantech Surgical Limited
27 & 28	Albert Waeschle
29	General Medical

Charities in the Lower Hall Foyer

Mercy Ships
 NRET/NRIEF Humanitarian aid to Iraq programme
 TN Support Group
 EACMFS (on 3 July 2008)

BAOMS COUNCIL 2008

President:	David W Patton
Chairman of Council:	Ian C Martin
Vice President:	Barrie T Evans
President Designate:	Maire E Morton
Immediate Past President:	Andrew E Brown
Honorary Secretary:	Cyrus J Kerawala
Honorary Treasurer:	Barrie T Evans
Honorary Editor:	Peter Ramsay Baggs
Members of Council	Nicholas J Baker Peter A Brennan Andrew T Carton Michael J C Davidson John Longstreet Patrick Magennis David A Mitchell Helen R Spencer
Fellows in Training Representative:	Rajiv Anand
Members' Representative:	Thomas W M Walker

Wednesday July 2 2008

- 0800 Registration in the Lower Hall Foyer
- 0830 – 0915 Members meeting – Room D
- 0830 – 0915 Fellows in Training meeting – Ferrier Hall
- 0915 – 1000 Junior Trainees Group meeting – Room D
- 0915 – 1000 Consultant Oral and Maxillofacial Surgeons Group meeting – Ferrier Hall
- 0915 – 1000 Associate Fellows meeting – Room C

1000 – 1030 Coffee and exhibition in the Lower Hall

Assembly Hall

1030 – 1045 Welcome by Phoenix Male Voice Choir

President's Lecture

1050 – 1135 **The right to look human** – oral and maxillofacial surgery for the poor of our world
Dr Gary Parker, Oral and Maxillofacial Surgeon, Chief Medical Officer,
 MV Africa Mercy, Mercy Ships

1140 – 1200 Awards and Prizes 2007

Down Surgical Prize	Brian S Avery (citation: Malcolm Bailey)
BAOMS Surgery Prize	Patrick Magennis (citation: Ian Martin)
Norman Rowe Clinical Prize	Martin J Evans
Paul Toller Research Prize	Richard Shaw
Members' Prize	Georgina Baker
Intercollegiate Award Prize	John H Elliott
Honorary Fellowship	Lee D Pollan, President AAOMS

1200 – 1300 **Annual General Meeting**

1300 – 1400 Lunch and exhibition in the Lower Hall

Wednesday July 2 2008

Assembly Hall

1400 – 1530 SYMPOSIUM: **Armed conflict – relearning the surgical lessons**

1400 – 1405 Introduction by President

1405 – 1430 **Rogue and failed states** – trauma and medical provision in extremis.

Professor James Ryan, Emeritus Professor of Conflict at St George's University of London and at UCL Hospital, London

1430 – 1500 **Developments in combat casualty care** - making a difference to trauma outcomes

Colonel TJ Hodgetts, Defence Professor of Emergency Medicine, College of Emergency Medicine, Honorary Professor of Emergency Medicine, University of Birmingham

1500 – 1530 **Maxillofacial war surgery**

Group Captain Andrew Monaghan, United Hospitals Birmingham

1530 – 1600 Afternoon tea and exhibition in the Lower Hall

1600 – 1730 FREE PAPERS

Assembly Hall

Session Chair: **Adrian Sugar**

Session 1 TRAUMA

- 16:00 – 16:10 **1** The military maxillofacial trauma experience at the Royal Centre for Defence Medicine, Birmingham
Neil Opie
Queen Elizabeth Hospital, Birmingham
- 16:10 – 16:20 **3** Oral and maxillofacial trauma: the 17 year experience of the London Air Ambulance (HEMS)
Christopher Bridle
Barts and The London NHS Trust
- 16:20 – 16:30 **5** Trauma: who cares? Implications of the NCEPOD report on severely injured patients with maxillofacial injuries
Ian C Martin
National Confidential Enquiry into Patient Outcome and Death (NCEPOD)
- 16:30 – 16:40 **7** Stereolithographic modelling to improve the accuracy, efficiency and costs of reconstruction following complex composite mandibular, dental and soft tissue loss
Andrew Dawood
Barts and The London NHS Trust

Ferrier Hall

Session Chair: **Andrew Cronin**

Session 2 ORBIT/RECONSTRUCTION

- 2** The use of the extended swinging lid technique in acute and revisional maxillofacial trauma surgery
Simon Holmes
Barts and the London NHS Trust
- 4** Minimising the risk of ectropion when full thickness skin grafting lower eyelid defects
Catherine Kwok-Yan Lau
Addenbrooke's University Hospital, Cambridge
- 6** Stereotactic navigation assisted orbital repair: early experiences
Andrew Schache
Queen Victoria Hospital, East Grinstead
- 8** Do all orbital wall blow-out fractures require surgery?
Shakir Mustafa
Morrison Hospital, Swansea

Wednesday July 2 2008

FREE PAPERS continued

Assembly Hall

Session Chair: Adrian Sugar

Session 1 TRAUMA

- 16:40 – 16:50** **9** Transmucosal fixation
Duncan Campbell
*Southern General Hospital,
Glasgow*
- 16:50 – 17:00** **11** Medial canthopexy using a design specific titanium wire - preliminary results from two centres
Simon Holmes
Barts and the London NHS Trust
- 17:00 – 17:10** **13** Applications of DBX demineralised bone matrix putty in craniofacial trauma
Kieron P McVeigh
University Hospital of North Staffordshire
- 17:10 – 17:20** **15** Management of soft tissue facial injuries by maxillofacial registered general nurses
Andrew Sadler
United Lincolnshire Hospitals
- 17:20 - 17:30** **17** The role of pre-operative 3-dimension CT evaluation of Type B intracapsular condylar fractures to determine the feasibility of lag screw osteosynthesis
Jonathan Collier
Barts and The London NHS Trust

Ferrier Hall

Session Chair: Andrew Cronin

Session 2 ORBIT/RECONSTRUCTION

- 10** Orbital floor and cranioplasty repair with press-formed titanium implants; a means to assess the technical reproducibility of computer planning, fabrication and surgery
Veronique Sauret-Jackson
Cavendish Implants Ltd
- 12** Assessment of lower eyelid position and morbidity following trans-conjunctival incision with lateral cantholysis
Jeremy Antscherl
Barts and the London NHS Trust
- 14** Paediatric orbital fractures: is the clock ticking?
Christopher Bridle
Bart's and The London NHS Trust
- 16** White eye blowout fractures - a surgical emergency
Madan Ethunandan
Southampton University Hospitals
- 18** Exploration of the medial orbital wall - MDT by stealth?
Simon Holmes
Barts and the London NHS Trust

1930 – 2130 RECEPTION AND BUFFET SUPPER

Cardiff Castle: Main entrance on Castle Street. Please bring your ticket. This event is now sold out.
Dress: Smart Casual

Thursday July 3 2008

0830 Registration in the Lower Hall Foyer

0900 – 0930 FREE PAPERS

Assembly Hall

Session Chair: Nicholas Hammersley

Session 3 THYROID

- 09:00 – 09:10 **19** Racial variation in the surgical anatomy of the recurrent laryngeal nerve in patients undergoing thyroid/parathyroid surgery
Lindsay Vallayil
Barts & the London and Homerton Hospitals
- 09:10 – 09:20 **21** Maxillofacial Led Multidisciplinary Tracheostomy Team: does timing of tracheostomy in the critically ill patient make a difference ?
Rakhee Talati
Bart's & The London Hospitals NHS Trust
- 09:20 – 09:30 **23** Thyroid surgery - home and on board the Mercy Ships
Leo Cheng
Barts & the London and Homerton Hospitals, London, and the Mercy Ships, West Africa

Ferrier Hall

Session Chair: Anthony Markus

Session 4 CLEFT

- 20** Surgical correction of severe midface deficiency in cleft patients
Mirosław Zbigniew Kulewicz
North Manchester General Hospital
- 22** CT scanning of the alveolar cleft deformity - a useful adjunct in the assessment of bone grafting?
Roger Webb
Spires Cleft Centre, Salisbury District General Hospital
- 24** The impact of secondary rhinoplasty surgery on patient satisfaction and psychological adjustment
Zubair Khan
South Thames Cleft Unit, Guy's Hospital London

Assembly Hall

0935 – 1030 SYMPOSIUM: The management of vascular lesions of the head and neck

0935 – 1000 **Imaging of vascular lesions**

Dr Ian McCafferty, Lead Consultant for Interventional Radiology
University Hospital Foundation Trust, Birmingham

1000 – 1030 **The management of large vascular lesions of the head and neck**

Mr Hiroshi Nishikawa, Consultant Craniofacial and Plastic Reconstructive surgeon,
Birmingham Children's Hospital

1030 – 1100 Coffee and exhibition in Lower Hall

Thursday July 3 2008

1100 – 1245 FREE PAPERS

Assembly Hall**Session Chair: Robert Woodward****Session 5 ONCOLOGY**

- 11:00 – 11:10** **25** Association between histological grades of primary and metastatic head and neck squamous cell carcinoma
Roger M Webb
Queen Alexandra Hospital, Portsmouth
- 11:10 – 11:20** **27** Patient outcome following palliative treatment only for newly diagnosed primary oral and oropharyngeal squamous cell carcinoma
Anil Kamisetty
Glan Clwyd Hospital
- 11:20 – 11:30** **29** Does the method of resection affect the surgical margin in oral cavity tumour excision?
Graham I Smith
St George's Hospital, London
- 11:30 – 11:40** **31** Quality of life in head and neck cancer: Patient views on medical consultations
Sheila E Fisher
University of Leeds
- 11:40 – 11:50** **33** Management of T1 and T2 squamous cell carcinoma of anterior 2/3 of the tongue and anterior floor of mouth : a 14 year review of practice
Chetan Katre
University Hospital Aintree, Liverpool
- 11:50 – 12:00** **35** Patterns of treatment of osteoradionecrosis with hyperbaric oxygen therapy in the United Kingdom
Jagtar Dhanda
Worcestershire Royal Hospital
- 12:00 – 12:10** **37** An evaluation of the risks and opportunities in reducing outpatient follow-up in the head and neck cancer clinic
Andrew Webb
Southampton University Hospitals

Ferrier Hall**Session Chair: Kenneth Lavery****Session 6 RECONSTRUCTION**

- 26** Implantable Doppler probe monitoring of head and neck free flaps - A review
Amir Ketabchi
Northwick Park Hospital, North West London Hospitals Trust
- 28** Nasolabial fold as an alternative approach for salvage surgery of maxillofacial cancer
Al-Sayed Ahmed Mohamed Bahaa
Al-Minia University, Hospital of Dental Faculty, Egypt
- 30** The surgical treatment of noma
James Combes
Guy's Hospital, London
- 32** The challenges of intraoperative haemorrhage control in vascular malformations of the face & parotid region
Shakir F Mustafa
University Hospital of Wales, Cardiff
- 34** Head and Neck reconstruction with microvascular composite flaps using stereolithographic technology
Samuel Mattine
Manchester Royal Infirmary
- 36** Surgical management of oral sub mucous fibrosis
Divya Mehrotra
CSMMU (Formerly King George's Medical University), Lucknow, India
- 38** A review of the experiences of a regional maxillofacial unit in the use of the latissimus dorsi free flap in the reconstruction of extensive head / neck defects.
Nicholas Lee
North West London Hospital Trust

Thursday July 3 2008

FREE PAPERS continued

Assembly Hall

- 12:10 – 12:20** **39** Can surgeons safely perform and interpret ultrasound for the assessment of neck lymphadenopathy in the clinic?
Peter Brennan
Queen Alexandra Hospital, Portsmouth
- 12:20 – 12:30** **41** The prospective experience of a maxillofacial surgeon with the percutaneous endoscopic gastrostomy technique
Christopher Avery
University Hospitals of Leicester
- 12:30 – 12:40** **43** Laser management for oral soft tissue haemangiomas and vascular malformations
Ali Saafan
Cairo University, Egypt

Ferrier Hall

- 40** An audit comparing supra-fascial with sub-fascial dissection for radial forearm free flaps
Peter Alex Stockton
John Radcliffe Hospital, Oxford
- 42** Reconstruction of the mandible using 2.0 mm Unilock locking plates
Khaleeq-Ur Rehman
University Hospital Birmingham
- 44** Internal mammary vessels for reconstruction in vessel depleted necks
Satyajeet Bhatia
*University Hospital of Wales Cardiff
Wales*

1245 – 1400 Lunch and exhibition in the Lower Hall

1400 – 1515 SYMPOSIUM: **Aspects of craniofacial and skull base surgery**

1400 – 1440 **Skull base surgery**

Dr Moni Abraham Kuriakose, American Board Certified Professor and Chairman, Head and Neck Institute Amrita Institute of Medical Sciences Amrita Lane, Elamakkara, Kochi, India

1440 – 1515 **Craniofacial distraction**

Mr Stephen Dover, Consultant Oral and Maxillofacial Surgeon, Birmingham

1515 – 1550 Afternoon tea and exhibition in the Lower Hall

Thursday July 3 2008

1550 – 1730 FREE PAPERS

Assembly Hall**Session Chair: Andrew Carton****Session 7 ONCOLOGY**

- 15:50 – 16:00** **45** p16 promoter methylation predicts malignant transformation in oral epithelial dysplasia
Richard J Shaw
University of Liverpool
- 16:00 – 16:10** **47** Variation in treatment outcome priorities amongst head and neck cancer patients, their relatives and the members of the multidisciplinary team
Alastair Fry
Northern Centre for Cancer Treatment
- 16:10 – 16:20** **49** Can extra capsular spread of nodal metastasis be predicted from primary tumour histopathology in oral squamous cell carcinoma?
Mohammed Al-Gholmy
Portsmouth Hospitals NHS Trust
- 16:20 – 16:30** **51** The changing pattern of infection with MRSA and other organisms with major maxillofacial flap surgery
Christian Decke
University Hospitals of Leicester
- 16:30 – 16:40** **53** Gingival carcinoma-retrospective analysis of 74 patients
Joshua Lubek
University of Maryland, USA
- 16:40 – 16:50** **55** A comparison between surgical and percutaneous tracheostomy in a UK District General hospital
Leo Cheng
Homerton University Hospital NHS Trust, London
- 16:50 – 17:00** **57** Incidence and mortality of oral cancer in the West Midlands
Khaleeq-Ur Rehman
University Hospital Birmingham

Ferrier Hall**Session Chair: Murray Foster****Session 8 ORAL SURGERY / AESTHETIC**

- 46** Surgical approaches to the parapharyngeal space
Ashraf Messiah
North West London Hospitals
- 48** Decompression and secondary enucleation: an alternative treatment in large cystic lesions in the maxillofacial region
Luis Bruzual
Centro Medico de Caracas, Caracas, Venezuela
- 50** An audit of neonatal lingual frenectomy for the improvement of breast feeding
Mark J A Turner
Bedford Hospital
- 52** The role of rejuvenative surgery for patients with pseudoxanthoma elasticum
Steven Key
Chelsea & Westminster Hospital, London
- 54** A survey of intake of herbal medicines in patients attending a maxillofacial clinic.
Grace E Dentith
James Cook University Hospital, Newcastle
- 56** Are soldiers at increased risk of third molar symptoms when on operational tour? A prospective cohort study.
John Breeze
King's College School of Medicine and Dentistry
- 58** Outcomes of malar augmentation using Medpore implants
Ruth Cusack
Royal County Surrey Hospital, Guildford

Thursday July 3 2008

FREE PAPERS continued

Assembly Hall

- 17:00 – 17:10** **59** The role of positron emission tomography in imaging of head and neck cancer: the Aberdeen experience
Arshad Siddiqui
Aberdeen Royal Infirmary
- 17:10 – 17:20** **61** C - reactive protein; a predictor of survival in oropharyngeal squamous cell carcinoma?
Sunil Khandavilli
Glan Clwyd Hospital, North Wales
- 17:20 – 17:30** **63** A qualitative investigation into the impact of PEGs
Sam Harding
Derriford Hospital, Plymouth

Ferrier Hall

- 60** Preservation of the sideburn in skin cancer surgery
Daryl Godden
Gloucestershire Royal Hospital
- 62** A national audit of onlay grafting materials used by Maxillofacial and Plastic surgeons in the UK
Kaveh Shakib
University College London Hospital
- 64** Resorbable fixation in aesthetic brow surgery
Timothy Mellor
Queen Alexandra Hospital Portsmouth

1930 for 2000 ANNUAL DINNER

Reception and Dinner in the Ballroom at the Cardiff Hilton

Ticket only

Dress: Black Tie / Mess Dress

Friday July 4 2008

0830 Registration in the Lower Hall Foyer

0900 – 1100 FREE PAPERS

Assembly Hall**Session Chair: Jonathan Shepherd****Session 9 TRAINING / EDUCATION**

09:00 – 09:10 **65** Review of research in oral and maxillofacial surgery in the UK in the last 5 years: sub-specialities and levels of evidence
Scott Rice
Barts and the London NHS Trust

09:10 – 09:20 **67** Patterns of activity for a combined oral and maxillofacial surgery and otolaryngology specialist registrar/SAS grade second on call cross cover rota.
Jagtar Dhanda
Worcestershire Royal Hospital

09:20 – 09:30 **69** MTAS II - Is the sequel always worse than the original?
Patrick Magennis
University Hospital Aintree, Liverpool

09:30 – 09:40 **71** Workforce planning in oral and maxillofacial surgery: do we know how many trainees we have and how many posts we have to fill?
Scott Rice
British Association of Oral and Maxillofacial Surgeons Junior Trainees Group

09:40 – 09:50 **73** Survey of dental graduates entering British medical schools 1986-91 - Where are they now ?
Patrick Magennis
University Hospital Aintree, Liverpool

09:50 – 10:00 **75** Pre-operative team briefing. A prospective study of an intervention in a London teaching hospital
Stephen Walsh
Queen Victoria Hospital, East Grinstead

Ferrier Hall**Session Chair: Michael Hill****Session 10 ORAL MEDICINE / TMJ / SALIVARY**

66 A review of patients presenting with orofacial granulomatosis
Andrea Lewis
University Hospital Birmingham NHS Foundation Trust and University of Birmingham School of Dentistry

68 A clinical and molecular analysis of 10 cases of Oral Squamous Cell Carcinoma (OSCC) developing in Oral Lichen Planus (OLP)
Mark JA Turner
Luton and Dunstable NHS Trust, Cranfield University

70 Uses of botulinum toxin in maxillofacial surgery
Katherine George
St George's Hospital, London

72 The use of ultrasound guided fine needle core biopsy in the diagnosis of parotid gland swellings
John Breeze
Eastbourne District General Hospital

74 The treatment of sialorrhoea/drooling using botulinum B toxin
Helen Witherow
St George's Hospital, London

76 The incidence of hypertrophic and keloid scarification following the use of N-butyl 2-cyanoacrylate tissue adhesive in post parotidectomy wound closure: a prospective study of 100 consecutive cases
Gillian A Greenhill
Queen Margaret Hospital, Fife

Friday July 4 2008

FREE PAPERS continued

Assembly Hall

- 10:00 – 10:10** **77** The E-Book of maxillofacial knowledge
Daljit K Dhariwal
John Radcliffe Hospital, Oxford
- 10:10 – 10:20** **79** The foundation year trainee experience in oral and maxillofacial surgery
Daniel A Haroon
Barts and The London NHS Trust
- 10:20 – 10:30** **81** GP registrar referral habits for common head and neck pathologies. A postal questionnaire
Christopher Sweet
Manchester Royal Infirmary
- 10:30 – 10:40** **83** Profile of self-assessed surgical competencies of oral surgery registrants
Ashraf Messiha
The North West London Hospitals NHS Trust
- 10:40 – 10:50** **85** Analysis of surgical competencies of oral surgery registrants with respect to training and qualifications
Ambika Chadha
Northwick Park Hospital, The North West London Hospitals NHS Trust

Ferrier Hall

- 78** Submandibular Duct Stump Syndrome (SDSS) - does it exist?
A Scottish oral & maxillofacial consultant questionnaire survey in 2007
Craig I Mather
Queen Margaret Hospital, Fife
- 80** Extra-capsular dissection for deep lobe benign tumours of the parotid gland- is it possible?
Luke Cascarini
King's College Hospital, London
- 82** A review of the treatment of temporomandibular joint disorders with articular eminectomy.
Peter Alex Stockton
John Radcliffe Hospital, Oxford
- 84** The use of cryoanalgesia in the management of intractable TMJ pain. A five year review.
Elinor Carey
Queens Medical Centre, Nottingham
- 86** The effect of repeated botulinum (injection) therapy on patients with recurrent facial myofascial pain. A prospective analysis of outcome.
Amish Patel
Queens Medical Centre, Nottingham

1100 – 1130 Coffee and exhibition in the Lower Hall**1130 – 1215** NORMAN ROWE LECTURE**Minimally invasive orthognathic surgery** – Plus Ultra**Professor Maurice Y Mommaerts**, Maxillofacial and Facial Plastic Surgery,
Director Bruges Cleft and Craniofacial Centre, Belgium**1215 – 1230** Norman Rowe International Educational Foundation Awards – for 'Service to Others'**1230 – 1400** Lunch and exhibition in Lower Hall (exhibition closes after lunch)

Friday July 4 2008

Assembly Hall

1400 – 1445 KEYNOTE LECTURE

Trigeminal neuralgia – an update**Professor Joanna M Zakrzewska**, Facial Pain Lead, Eastman Dental Hospital,
UCLH NHS Foundation Trust

1450 – 1600 FREE PAPERS

Assembly Hall

Session Chair: Manu Patel

Session 11 ORTHOGNATHIC

- 14:50 – 15:00** **87** Closure of anterior open bites with mandibular orthognathic surgery only
Brian Bisase
Royal Surrey County Hospital
- 15:00 – 15:10** **89** The role of cone beam CT and 3D facial soft tissue scanning in the assessment, planning and continued evaluation of patients undergoing orthognathic surgery
Timothy Lloyd
Cardiff University
- 15:10 – 15:20** **91** The alar base cinch stitch. Is it effective and stable?
Andrew Stewart
St Georges Hospital, London
- 15:20 – 15:30** **93** Three year experience of a bioresorbable fixation system in orthognathic surgery
Khari Lewis
Brighton and Sussex University Hospitals NHS Trust
- 15:30 – 15:40** **95** The inverted L osteotomy technique. A review of 5 cases.
Muzzammil A Nusrath
Newcastle General Hospital

Ferrier Hall

Session Chair: Michael Davidson

Session 12 SURGICAL DERMATOLOGY
ORTHOGNATHIC / MISCELLANEOUS

- 88** Orthognathic surgery: a retrospective study of operation time and inpatient stay of 400 cases in 7 centres
Montey Garg
Queen Victoria Hospital, East Grinstead
- 90** The management of malignant facial lesions: how far have we progressed in a decade?
George Markose
Crosshouse Hospital, Ayrshire & Arran Acute NHS Trust
- 92** A review of excision margins in aggressive basal cell carcinomas: do we still need a 7mm margin?
Adekunmi Fasanmade
Gloucestershire Hospitals NHS Foundation Trust
- 94** The end of the lip shave?
Christopher McDonald
Ninewells Hospital, Dundee
- 96** Management of cutaneous lentigo maligna: considerations on excision margins
Adekunmi Fasanmade
Gloucestershire Hospitals NHS Foundation Trust

Friday July 4 2008

FREE PAPERS continued

Assembly Hall

- 15:40 – 15:50** **97** Upper airway modification in obstructive sleep apnoea : the emerging role of the Hyoid Advancement procedure
Andrew J Dickenson
Derby Hospitals NHS Foundation Trust
- 15:50 – 16:00** **99** Laser assisted uvulopalatoplasty : a modern solution to an ancient problem
Andrew J Dickenson
Derby Hospitals NHS Foundation Trust

Ferrier Hall

- 98** Merkel cell carcinoma: a case series and review of current best practice
James Sloane
Musgrove Park, Taunton
- 100** An audit of patients undergoing mandibular advancement device therapy
Ektor Grammatopoulos
Warwick Hospital

Conference ends at 1600

POSTERS

Poster presentations will be displayed as follows:

Numbers 1 - 20 will be in the Lower Hall.

Numbers 21 - 80 will be in the Marble Hall outside the Assembly Hall.

RP 1

Laser management for oral soft tissue haemangiomas and vascular malformations

Ali Saafan

Cairo University, Egypt

P 2

It isn't just sutures: a junior's guide to wound closure

Constantinos Mamais

New Cross Hospital, Wolverhampton

P 3

Salivary VEGF: a non-invasive angiogenic and lymphangiogenic proxy in head and neck cancer prognostication

Tahwinder Upile

University College London Hospitals

P 4

Microendoscopy in intra-operative margin analysis for laser surgery of the head & neck

Tahwinder Upile

University College London Hospitals

P 5

Detection of basal cell carcinoma using elastic scattering spectroscopy

Waseem Jerjes

University College London Hospitals

P 6

Oral leukoplakia and erythroplakia subjected to optical coherence tomography: preliminary results

Waseem Jerjes

University College London Hospitals

P 7

A survey of alcohol and tobacco consumption in patients and their partners following diagnosis and treatment for head and neck squamous cell carcinoma

Mary C Crossling

Sunderland Royal Hospital

P 8

Outcome following surgical treatment for regional metastases from cutaneous squamous cell carcinoma of the head and neck in patients aged 80 and over.

Sunil Khandavilli

Glan Clwyd Hospital, North Wales

P 9

Brachial plexus injuries in neck dissections

Michael Monteiro

Royal Sussex County Hospital, Brighton

P 10

Tumor localization for biopsy by ultrasound guided wire insertion

Konstantinos Karavidas

Guy's Hospital, London

P 11

Time differences in a cohort of cancer patients

Jennifer Wylie

Leeds General Infirmary

P 12

Do oral cancer patients return to full-time employment and feel socially acceptable after treatment?

Neil Scott

The Royal Surrey County Hospital, Guildford

P 13

Do patients continue to smoke and drink after treatment for oral cancer?

Neil Scott

The Royal Surrey County Hospital, Guildford

P 14

A reliable and patient friendly method of securing nasogastric tubes in head and neck surgery

SM Halsnad

Birmingham Heartlands Hospital

P 15

Management of residual basal cell carcinoma among maxillofacial surgeons-a national survey

Anil Kamisetty

Glan Clwyd Hospital

P 16

Opinions of maxillofacial surgeons on curettage and excision margins of head and neck basal cell cancer. A national survey

Anil Kamisetty

Glan Clwyd Hospital

P 17

Antibiotic prophylaxis in cleft surgery

James I Morrison

Royal Hospital for Sick Children, Glasgow

P 18

Transverse maxillary distraction in unilateral alveolar cleft: technical note

Naseem Ghazali

Royal County Surrey Hospital, Guildford

P 19

Titanium cranioplasty construction for large craniofacial defects: the Leeds method

Lachlan M Carter

Leeds Dental Institute

P 20

Dynamic posterior calvarial distraction in syndromic craniosynostosis: learning curve, complications and future developments

Flora Kemidi

Birmingham Childrens Hospital

P 21

A technical modification in fronto-orbital bar management for correction of metopic and coronal craniosynostoses

Lachlan M Carter

Leeds General Infirmary

POSTERS

Poster presentations will be displayed as follows:

Numbers 1 - 20 will be in the Lower Hall.

Numbers 21 - 80 will be in the Marble Hall outside the Assembly Hall.

P 22

INR blood test is it needed before dentoalveolar surgery

Mazen Att

Royal Berkshire Hospital

P 23

The NICE guidelines - should they apply to military personnel?

Parul Bhatia

University Hospitals Birmingham

RP 24

Are soldiers at increased risk of third molar symptoms when on operational tour in Iraq?

A prospective cohort study.

John Breeze

King's College School of Medicine and Dentistry

P 25

Audit of laryngeal mask airway use in dentoalveolar surgery

Eilish Lynch

Eastbourne District General Hospital

P 26

Compliance with the Human Tissue Act 2004 - the Birmingham experience

Rajan Nansi

Birmingham Dental Hospital

P 27

Referrals to OMFS for simple exodontia: are patients happy with their lack of treatment in primary care?

Jonathan Collier

Barts and The London NHS Trust

P 28

Osteoradionecrosis; management of at risk patients by general dental practitioners and oral & maxillofacial surgery units in the United Kingdom

Niall MH McLeod

Portsmouth Hospital NHS Trust

P 29

Frequent intermittent blood pressure monitoring during surgical removal of third molars under local anesthesia and intravenous sedation

Robert J Banks

Sunderland Royal Hospital

P 30

Current practices in UK OMFS units performing minor oral surgery under local anaesthetic with particular emphasis on cross-infection control and antimicrobial use.

Dhiru Patel

North West London Hospitals and Altnagelvin Hospital

P 31

Effect of the European working time directive on a busy maxillofacial surgical unit

Anuradha Venugopal

Royal London Hospital, Barts and the London NHS Trust

P 32

Surgical management of bisphosphonate induced osteonecrosis of the jaw

George Markose

Crosshouse Hospital, Ayrshire & Arran Acute NHS Trust

P 33

The ectopic canine: what's the flap about?

Helen Spencer

Portsmouth Hospitals NHS Trust

P 34

Grade of surgeon, free flap survival and it's training implications

Robert J Banks

Sunderland Royal Hospital

P 35

Customised two-part condylar prosthesis following hemimandibulectomy

Colin J Johnston

University Hospital Birmingham

P 36

Free flap assessment with volume rendered three dimensional spiral computed tomographic angiography and contrast enhanced harmonic imaging: fail or no fail !

Rajiv Anand

Poole Hospital NHS Trust

P 37

Multidisciplinary team approach for tracheostomy patients in a UK District General Hospital

Leo Cheng

Homerton Hospital, London

P 38

Incidence of occult thyroid disease in the general population via ultrasound scans for other head and neck pathology

Ihsaan Al-Hadad

St Bartholomew's Hospital, London

P 39

A change in UK epistaxis management

Tahwinder Upile

University College London Hospitals

P 40

Audit of maxillofacial out of hours operating in the United Kingdom

Mohammed El Maaytah

University College London Hospitals

P 41

Comparison of laser resistant tracheal tubes subjected to CO2 laser beam

Tahwinder Upile

University College London Hospitals

P 42

Dental extractions in the previously irradiated head and neck. Does adjunctive peri-operative hyperbaric oxygen assist in preventing Osteoradionecrosis?

Sarah Dyer

Diving Diseases Research Centre, and Department of Maxillofacial Surgery, Plymouth

POSTERS

Poster presentations will be displayed as follows:

Numbers 1 - 20 will be in the Lower Hall.

Numbers 21 - 80 will be in the Marble Hall outside the Assembly Hall.

P 43

Post operative airway management with a Ravussin cricothyroid cannula in head and neck surgery.

Smita Putti

Ninewells Hospital, Dundee

P 44

Audit on the success of mandibular advancement devices in the treatment of snoring and mild sleep apnoea

John Longstreet

Torbay Hospital, Torquay

P 45

A novel multidisciplinary approach to treating vascular malformations of the head and neck - A patient's perspective

Indran Balasundaram

Queen Elizabeth Hospital, University Hospital Birmingham NHS Trust

P 46

What not to wear? A survey into patient opinion of "Bare below the elbows"

Angela Geddes

Sunderland Royal Hospital

P 47

Which thyroid surgery cases need post-operative tracheostomy?

Rishi Bhandari

Barts & the London NHS Trust, London

P 48

A study into anxiety of patients prior to intra-oral buccal mucosa biopsy procedures and how this affects pain experience of the procedure

Claire Barrett

Queen's Medical Centre, Nottingham

P 49

Non-aesthetic use of botulinum toxin

Rishi Bhandari

Barts and The London NHS Trust, Homerton NHS Trust

P 50

A survey of factors influencing the career choice of prospective oral and maxillofacial trainees

Ambika Chadha

King's College London Dental School

P 51

Predicting and preventing catastrophic deterioration in post-operative oral and maxillofacial surgical patients: would a modified early warning score help?

Scott Rice

Barts and the London NHS Trust

P 52

The use of the endoscope as A Teaching Aid in Oral and Maxillofacial Surgical Procedures

Gerard Gillan

Luton & Dunstable NHS Trust

P 53

A five year retrospective study of the patients presenting with soft and hard tissue biopsies at a specialist paediatric hospital.

Flora Kemidi

Birmingham Childrens Hospital NHS Foundation Trust

P 54

Marsupialisation and sequential curettage of large unicystic ameloblastomas; a clinical, radiological and histological case evaluation.

Adam James

James Cook University Hospital, Middlesbrough

P 55

Kikuchi's Disease: is it a rare cause of cervical lymphadenopathy? A case series of 18 patients.

Sheena Kotecha

University Hospitals Birmingham

P 56

The use of cinch sutures in Le Fort 1 osteotomy patients- a pilot study

Caitriona Howley

Royal London Hospital

P 57

The removal of wisdom teeth prior to orthognathic surgery. Is it necessary?

Simon Wright

University Hospital of North Staffordshire, Stoke-on-Trent

P 58

Piezo surgery its use in calvarial bone graft and releasing the inferior alveolar nerve in saggital splits. A technical note

Muzzammil A Nusrath

Newcastle General Hospital

P 59

Total mandibular subapical osteotomy: a modification of the surgical technique

Ricardo Imtiaz Mohammed-Ali

The Queen Victoria Hospital NHS Trust, East Grinstead

P 60

Decision-regret following orthognathic surgery: a satisfactory outcome?

Alastair M Fry

Derby Hospitals NHS Foundation Trust

P 61

A complication of Lefort I osteotomy - a case report and review of the literature

Elizabeth A Gruber

Derriford Hospital, Plymouth

P 62

Can post-operative neurosensory disturbance of the inferior alveolar nerve following the bilateral sagittal split osteotomy be predicted from the panoramic radiograph?

Alan R Patterson

Leeds General Infirmary

POSTERS

Poster presentations will be displayed as follows:

Numbers 1 - 20 will be in the Lower Hall.

Numbers 21 - 80 will be in the Marble Hall outside the Assembly Hall.

P 63

Poster withdrawn

P 64

Evaluation of tissue reaction to the solution of chlorhexidin 0, 2% in surgical wounds:

histologic study in rats

Cecilia da Rocha Brito

Hospital da Face, São Paulo, Brazil

P 65

Publish or perish: a survey of abstracts accepted for BAOMS meetings and subsequently published

Jonathan Collier

Barts and The London NHS Trust

P 66

Does blood and lymphatic vessel density in head and neck squamous cell carcinoma have prognostic significance?

Michaelina Macluskey

University of Dundee Dental School, Ninewells Hospital, Dundee

P 67

Does serum levels of regulators of angiogenesis predict poorer survival in patients with head and neck squamous cell carcinoma?

Michaelina Macluskey

University of Dundee Dental School, Ninewells Hospital

P 68

The McLaughlin temporalis muscle sling: supporting the paralysed face

Colin Liew

West of Scotland Regional Maxillofacial Service

P 69

Branchial cysts within the parotid salivary gland

Michael Vourvachis

University College London Hospitals

P 70

The roles of an army oral and maxillofacial surgery unit

Barry E Reed

John Hunter Hospital, Newcastle University: School of Medicine, Australia

P 71

The effect of the new 24 hour alcohol licensing law on the incidence of facial trauma in London

Mohammed El Maaytah

University College London Hospitals

P 72

"Wirefree" fixation of jaw fractures is possible

Gary Cousin

The Royal Blackburn Hospital

P 73

A new and complementary way of objectively assessing ocular motility following orbital trauma

Robert Goddard

St. George's Hospital

P 74

Upper lid bruising - a useful sign of an underlying fracture of the orbital roof / anterior cranial fossa

Barrie Evans

Southampton University Hospitals

RP 75

Planned trauma day case lists for OMFS: a prospective study assessing the feasibility and benefits

Saadia Farooq

Barts and The London NHS Trust

P 76

Orbital roof fractures: raising the bar

Chris Bridle

Bart's & The London NHS Trust

RP 77

A 4 year study of orbital floor injuries: complications and materials used for repair

Colin J Johnston

University Hospital Birmingham

P 78

Facial dog bites: a seven-year series of emergency department presentation at Barts and the London NHS Trust and case review

Sophy Ratcliffe

St. Bartholomews and The Royal London Hospital

P 79

A prospective review of paediatric Oral and Maxillofacial Surgery (OMFS) trauma and emergencies presenting to the Royal London Hospital 2000 - 2007

Raman Bhardwaj

Barts and the London NHS Trust

P 80

Intermaxillary fixation using bondable arch bars

Amith R Pinto

North Staffordshire University Hospital NHS Trust
